

BRAINS CHEMISTRY BOARDS REVIEW *Premier Edition*

301 Ang Bahay ng Alumni Bldg., UP-Diliman, QC. ☎ 434-7423, 925-4702 • 214 Doña Amparo Bldg., España cor. GM Tolentino, Manila ☎ 736-1707

No leaks, no tricks, no cheats.

Just amazing work.

The numbers speak.

Eleven (11) of thirteen topnotchers, and 165 of 292 board passers in 2009 were BRAINS reviewees.

We've always said hard work pays. And it did. For our topnotchers, our single-take passers, and our students who made it after one or two tries before — those who decided the 2009 boards would be their last. And it was their last, because they passed.

At BRAINS, the fun starts when exam results are released. The nice thing about it is that it lasts.

So if you're ready to do amazing work for long-lasting fun, join the Number 1 Chemistry review program.

BRAINS Chemistry Boards Review.

No one else comes close.

2010 BRAINS Outstanding New Chemist Awards Competition

Cash prizes and recognition await winners. Visit www.brains.com.ph for competition rules.

PROGRAM FEATURES

BE ON TOP WITH THE MOST COMPLETE PROGRAM

Leave nothing to chance. BRAINS Chemistry Boards Review includes lectures ranging from the most basic concepts to the most complex areas in the Board exam syllabus. These are made easier to understand with a Math refresher course. Then, practice sets and frequent exams, all checked and scored, hone your skills in problem solving and testmanship. Extended lessons in Biochemistry boost your preparation.

THE MOST OUTSTANDING FACULTY TEAM

Our faculty are invited from among the best senior current and former UP faculty with extensive teaching experience and expertise in their respective areas. This year, they are complemented by outstanding educator-scientists from other major institutions. Expected to deliver the most potent teaching expertise ever, this team beats everyone else.

PREDICT YOUR EXAM STANDING, AND DO SOMETHING ABOUT IT.

Our simulated exams are highly accurate (*up to 100%*) at predicting board passers, and many times even of topnotchers. Know your standing before the review to calibrate your efforts against your goal. Know it again after the review to know how far you still have to go. And you don't guess. We monitor your progress individually and give you advice one-on-one!

Confident enough or need more help? Get our optional add-on features

We have all-exam-and-discussion classes for those who feel they need more help, for past reviewees who need a refresher, or for those enrolled in lecture classes in other review centers. Available at HUGE discounts to those enrolled in our regular program (See our website, www.brains.com.ph, for details).

PROGRAM DETAILS
